

What Can the Biopharmaceutical Industry Expect in 2019?

Industry's increased focus on patient-centricity is leading to a breakdown of silos across the healthcare sector. This led us to take a new approach for this year's [Health Trend Ten](#) – providing end-to-end biopharmaceutical industry perspectives. In this [article](#), Duncan Arbour, our SVP of Innovation, talks about how our clinical and commercial worlds come together at Syneos Health and why these insights are important to share with the sector.

Also, check out this [article](#) where Leigh Householder, our EVP / Managing Director of Insights and Innovation, talks about how a 'heightened influx of information' is enhancing research, but also possibly contributing to burnout among health care professionals.
